Doubling the value

Wave Array

Tom and Jerry

Preorder Traversal

Maximum sum of Non-adjacent nodes

Expression Tree

Value equal to index value

Preorder to Postorder

Covid Spread

Bitonic Point

Max Level Sum in Binary Tree

Determine if Two Trees are Identical

Square root of a number

Binary String

Sort an array of 0s, 1s and 2s

Merge k Sorted Arrays

Kadane's Algorithm

Anagram

Lowest Common Ancestor in a BST

Union of Two Linked Lists

Maximum Width of Tree

Delete Middle of Linked List

Special Stack

Maximum Occuring Character

Stock span problem

Unit Area of largest region of 1's

ZigZag Tree Traversal

Clone a linked list with next and random pointer

Trapping Rain Water

Level order traversal

Intersection Point in Y Shapped Linked Lists

Print BST elements in given range

Minimum Spanning Tree

Merge two sorted linked lists

Parenthesis Checker

Non Repeating Character

Implementing Dijkstra Algorithm

Next Greater Element

Alien Dictionary

Majority Element

Spirally traversing a matrix

Print Bracket Number

Max rectangle

Serialize and Deserialize a Binary Tree

Finding middle element in a linked list

Tower Of Hanoi

Reverse Level Order Traversal

Queue using two Stacks

0 - 1 Knapsack Problem

Coin Change

Find a pair with given target in BST

Reversing the vowels

Find median in a stream

Burning Tree

Nearly sorted

Nth node from end of linked list

Container With Most Water

Possible Words From Phone Digits

Max Sum without Adjacents

Connect Nodes at Same Level

Stickler Thief

Node at distance

Bottom View of Binary Tree

Nodes at given distance in binary tree

Word Break

Maximum of all subarrays of size k

Rotten Oranges

Level order traversal in spiral form

Matrix Chain Multiplication

BFS of graph

Count ways to reach the n'th stair

Missing number in array

Search an element in sorted and rotated array

Count pairs with given sum

Smallest window in a string containing all the characters of another string

Reverse each word in a given string

Maximum path sum in matrix

Bipartite Graph

Longest subsequence-1

Topological sort

Lowest Common Ancestor in a Binary Tree

Stock buy and sell

The Celebrity Problem

Count Inversions

Nodes at Odd Levels

Find the number of islands

Maximum path sum from any node

Product array puzzle

Left View of Binary Tree

Maximum of minimum for every window size

Job Sequencing Problem

Key Pair

Merging two unsorted arrays in sorted order

Immediate Smaller Element

Detect cycle in an undirected graph

Next Permutation

Solve the Sudoku

Count Occurences of Anagrams

Circle of strings

Flattening a Linked List

Circular tour

Geek and Bridges

Activity Selection

Minimum number of jumps

Smallest range in K lists

Vertical Traversal of Binary Tree

Stock buy and sell

Largest BST

Rotation

N meetings in one room

Word Ladder I

Steps by Knight

Detect cycle in a directed graph

Print the Kth Digit

Add two numbers represented by linked lists

Mobile numeric keypad

Shortest direction

Boundary Traversal of binary tree

Multiply two strings

Minimum steps to destination
